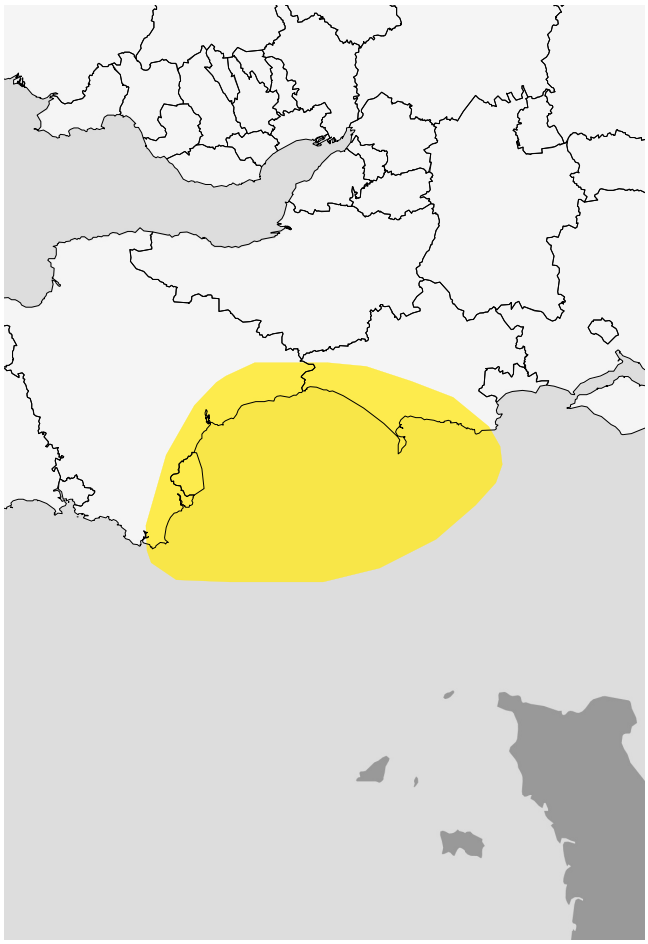
Yellow warning
Wind

Between
23:24 Sun 3 Dec 2023 and
03:00 Mon 4 Dec 2023



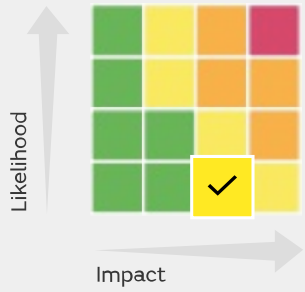
A brief spell of very strong winds may cause some disruption.

What to expect

- Some roads may be affected, with trees blown down, leading to longer journey times
- There is a slight chance of some damage to buildings, such as tiles blown from roofs
- There is a slight chance that power cuts may occur, with the potential to affect other services, such as mobile phone coverage

Further details

A brief spell of very strong south to southeasterly winds are expected to affect parts of South and East Devon and then Dorset, mainly coastal districts, with gusts of 60 mph and a small chance of a few gusts of 70 mph.



Very low likelihood of medium impacts

Issued at 23:24 Sun 3 Dec, 2023

Further Details (continued)

What should I do?
Prepare to protect your property and people from injury. Check for loose items outside your home and plan how you could secure them. Items include; bins, garden furniture, trampolines, tents, sheds and fences.
Give yourself the best chance of avoiding delays by checking road conditions if driving, amending your travel plans if necessary.
People cope better with power cuts when they have prepared for them in advance. It's easy to do; consider gathering torches and batteries, a mobile phone power pack and other essential items.
Be prepared for weather warnings to change quickly. When a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
